HOW DO I ENTER THE FAIR?

Decide what Department (A-X) you are going to enter. These are listed in the Index of Departments at the front of the Fair Premium Book. Turn to that department. Look through the sections and then the classes to find what you want to enter.

Fill out completely the top sections of the entry sheet. One entry sheet per person entering the fair. (The entry form may be photo copied). List each entry by Department, Section, Class and Description. The department is outlined in bold at the top of each department in the fair book. **Attention: pre-school and grade school teachers contact us for information on entering your students the easy way.**

Example: You want to enter a red apple. This would be found in the Agricultural Department.

Dept	Section	Class	Description
H	9	2	Red apple

After listing your entries, return your entry form to the Activity Center (located at the fair grounds) by August 10, 2019. This pre enters you. Allow 2 or 3 days for us to enter these in our computer and then you may pick up the printed tags to place on your entries at home. These will be in the lobby on entry day, but only if you pre entered. On entry day take your pre tagged entries to the proper department at the fair.

If you don't pre enter, you will need to stop at the entry table in the lobby of the Activity Center to receive your entry number. First you will need to fill out an entry form for **each person** that has an entry and receive an assigned number for him or her. After receiving the exhibitor number and listing it on the entry form, take it along with your entries to the proper departments.

Everyone entering the fair must have completed an entry form!

After entering your items or livestock in the fair, return the entry form to the superintendent of the department you are entering or return to the completed entry form box in the main lobby of the Activity Center. All entry forms must be returned to the completed entry form box in the Activity Center lobby or a superintendent.

Do not take it with you after entering.

NO RIBBON OR PRIZE MONEY CAN BE AWARDED WITHOUT A RETURNED COMPLETED ENTRY FORM.
